## RADIO IDENTIFICATION SYSTEM

<b>IDENTIFIERS</b>	<b>DESCRIPTION OF AUTHORIZED USE FOR IDENTIFIER</b>
00	Identifies fire company number within county radio system
00-1 00-9	Identifies apparatus of each fire company. Allows up to 9 pieces of apparatus per Fire Company
00-60 00-69	Special Vehicles (i.e.: ATV s,'Gaiters, snowmobiles, mules, etc.)
00-10 00-19	Identifies captain or captains of fire companies. May be used to identify captain for contacting County Control ONLY when captain is the officer in charge. May be used on fire ground to identify captain when he/she has a portable radio and is responsible for supervising part of the fire ground operation.
00-20 00-29	Identifies lieutenants of each fire company in the same manner as described for captains.
00-30 00-49	Identifies portable radios belonging to each fire company when not used by a fire officer. Portable use is restricted to fire ground only, except as described for captain and lieutenant when they are the officer in charge.
00-50 00-59	Identifies fire police portable radios if operated on a County fire frequency. For use on fire ground only.
00-90 00-99	Identifies Certified First Responders

---

\* To apply the radio identification system to each fire company, simply replace the 00 , used above as example, with the current two digit identifying number assigned to each fire company operating on the Columbia County Fire Radio network.
